Dear Sir:

The annuity you are receiving was awarded under the Railroad Retirement Act on the basis of permanent disability.

The Act provides that such satisfactory proof of permanent disability, and of the continuance of such disability until age 65, shall be made from time to time as prescribed by the Board.

Please answer each question on the back of this letter so that we may determine whether or not you are entitled to continue to receive a disability annuity. When you have completed the form, sign it in the space provided for your signature, and return it to the Railroad Retirement Board, 844 Rush Street, Chicago 11, Illinois. Your failure to furnish this information within 30 days from the date of this letter may result in the suspension of the annuity you are now receiving.

You are reminded that the completion of this form does not relieve you of informing the Board if you earn more than $75 per month for six consecutive calendar months, either in work for hire or in self-employment, or if you engage in any type or types of employment that you have not previously reported.

Dear Sir:

The above named veteran has made application at this office for pension for permanent and total disability not the result of his active military service.

In order that we may make the proper determination relative to his probable entitlement to disability benefits, you are requested to furnish us with the amount of his contributions to the retirement fund.

Our records disclose that he was an employee of the Baltimore & Ohio Railroad, Cumberland, as a railroad hostler for 45 years and finally became disabled January 1, 1947. The records show he earned $2300.00 the last year he worked when he became ill with malaria fever and nervous breakdown. The veteran stated he had received B&O relief until he started getting B&O pension and then had to return all the money received on relief. He states the time he was ill was, February 17, 1947 to May 19, 1947.

Your cooperation in this matter will be appreciated.

Very truly yours,

J. A. REILLY
Adjudication Officer

An inquiry by or concerning an ex-service man or woman should, if possible, give veteran's name and file number, whether C, XC, K, N, V, or H. If such file number is unknown, service or serial number should be given.

The 1951 amendments to the Railroad Retirement Act make a number of important changes.

Service and earnings after age 65 are creditable toward a retirement annuity, although the total service period cannot exceed 30 years. Also, the new law guarantees that your annuity will be no less than it would be if it were payable under the Social Security Act.

A wife (or dependent husband) of a retired employee may be eligible to receive an annuity if they are both 65 years of age, or if the employee is 65 years of age and his wife has an unmarried, dependent child under 18 in her care. The annuity to the wife (or husband) will, in most cases, be equal to one-half the monthly benefit payable to the retired employee, but not more than $40.00.

To assist us in the handling of your case, as well as to determine whether a wife's benefit may be payable, please fill out the form on the other side of this letter promptly and return it to the Railroad Retirement Board office nearest you. PLEASE ANSWER ALL QUESTIONS AND RETURN THIS FORM TO THE RAILROAD RETIREMENT BOARD EVEN THOUGH YOU DO NOT HAVE A WIFE (OR DEPENDENT HUSBAND) ELIGIBLE FOR A WIFE'S OR HUSBAND'S ANNUITY.
